Terry Shaw Named President/CEO of Adventist Health System

The Adventist Health System (AHS) board of directors has appointed Terry Shaw as the organization's new president/CEO. Shaw will immediately assume leadership responsibilities for the faith-based health care system, which includes 46 hospital campuses in 10 states, as well as a continuum of integrated care comprised of urgent care centers, home health and hospice agencies, physician practices and skilled nursing facilities. "It is a tremendous honor and responsibility to be chosen to lead this organization," said Shaw. "I look forward to building on the successful foundation that has been laid and working with our leaders and employees across the system as we continue our sacred mission of Extending the Healing Ministry of Christ."

Mission: Healing America's Communities
